

Dear Lori,

As a friend of Chabot Space & Science Center, we wanted you to know that we have a new executive director, and he will be introduced at the Starlight Gala! Oakland Mayor Libby Schaaf and Nobel Laureate Saul Perlmutter invite you to join them a few minutes before the gala, from 5:30 to 6:30 pm, so you can meet our new leader. We hope to see you at our annual fundraiser, which is made all the more important with this special announcement.

**Saturday, September 26, 2015**  
Chabot Space & Science Center  
10000 Skyline Blvd. Oakland  
6:00pm - 10:00pm

This evening will include a reception featuring a mad scientist mixologist creating concoctions that will stimulate your neurons. Grace Street Catering will prepare an out-of-this world dinner carefully paired with wine to delight your taste buds, followed by a live auction. Weather permitting, we will end the night with an exclusive telescope viewing on our Observatory Deck.

**Champion of Science Honorees**
